

Portable Sous Vide

The highly compact and portable Buffalo Portable Sous Vide 1500W is ideal by professionals on the move. Made from robust and easy to clean stainless steel, it has a clear LCD display, a low water level detection alarm, precise temperature control and a 0-99hr timer. The unit can clip on to almost any container, pot or tank which has rounded or flat walls. Its main function is to reliably maintain the water at a consistent and precise temperature by circulating water, thereby allowing sous vide cooking, adding value and refinement to meat, fish and vegetables. Its minimum container depth is 200mm.

Features and Benefits:

- LCD Function Display
- Low Water Level Detection Alarm Device
- 0-99hr Timer

Specification:

Code	DM868
Capacity	Max 20 ltr
Temperature Range	Ambient +5°C, maximum 99°C
Accurate Temperature Control	Within $\pm 0.5^\circ\text{C}$
Weight	1.8kg
Dimensions	320(H)x 145(W)x 130(D)mm
Packed Weight	2.35kg
Packed Dimensions	395(H)x 200(W)x 200(D)mm
Material	Stainless Steel
Power	1.5kW
